Dear Student;

I am glad you have decided to participate in this discipleship program. There are thirteen lessons, and I believe that you will appreciate what you will learn. Be patient, because some of them are difficult, but I believe you will do well.

Read and study each lesson, then take the test. Send just the test to the e-mail or mailing address above. I will grade it and send it back with instructions for the next lesson. Note: the symbols on the lesson are for use when someone personally teaches the lesson. Ignore them except for the "Read Passage."

In Christian love,
Pastor Charles Hunt
